Re: RR 15L-39

Dear Ms. deBeau,

This response is on behalf of State Tea Party Express (the Organization) in the matter designated RR 15L-39. In your letter of November 2, 2015, you referenced the July 2014 Quarterly Report and two 24-Hour Reports filed by the Organization.

The Organization agrees with the background provided in the letter. We have reviewed our internal reporting processes for when dealing with new types of transactions and committees. Additionally, the Committee plans to work with others who are more familiar with the requirements of non PAC entities for future cycles should we become active.

It was never the Organizations intent to fail to file the July Quarterly. As Treasurer I believed the only filing was the 24-Hour reports for non registered entities. Once noticed in August that we had failed to file the July Quarterly we filed the report. My office is a small office and we strive to stay on top of all reporting, any leniency and advice for future reporting guidelines would be appreciated. The public had the Independent Expenditure information prior to the election and those were filled timely and the expenditures were correct.

If action will be taken the Organization would like to participate in the Alternative Dispute Resolution program and looks forward to reaching a speedy and fair resolution of this matter. Please feel free to contact us if you require any additional information.

Sincerely,

Kelly Lawler
